No	—	—

DOCUMENTS ON FILE — CHECK AGAINST THE FOLDER
No documents are recorded against this driver. The folder behind this sheet should be empty; if it is not, the file and the record disagree.

REVIEWED BY (PRINT NAME AND SIGN)	DATE OF REVIEW

This cover sheet indexes the driver qualification file held for the named driver. Credential expiry status is computed as the earlier of the date recorded on the driver file and the earliest expiry among the documents filed for that credential; a credential with no date on either side is shown as not on file rather than as expired. The Social Security Number is masked on every printed copy.
